Hello Michelle,

I have been working on this wage garnishment file that has not been created yet. I finished a call with the client earlier. The client is very upset, angry, and crying. She told me that wage garnishment cannot happen to her and it would be unacceptable if it did. The client told me the wage garnishment would be embarrassing and would negatively affect her professionally at her small organization. She is upset and angry that payments were not made by Summit/Wyo on the original payment arrangement that I negotiated and that she finds herself in this position. The payment arrangement was for \$1,000/mth. Now, she is having to come up with \$1,000/mth before the hearing on February 24th. She told me that she does not have the money.

The client told me that she has paid the program. The client told me that this problem is on Summit/Wyo for messing up the original payment and that they should fix it. She asked me to contact mgmt about this problem. I am trying to work toward a solution, but Summit/Wyo is taking a hard position due to the default on the prior arrangement and since two years have gone by without payment.

Best Regards,
 Stephen Teel, Esq.

 Subject: 115078652 MA SUMMIT, [REDACTED] GARNISHMENT -- NEW LAWSUIT

Hello,

I have attached the summons and complaint. The client is about to have her wages garnished. This goes back to 2019. I arranged a monthly payment plan back in 2019 on this debt. Summit/Wyo did not make any payments. Fast forward to 2022 and Summit/Wyo is going for a wage garnishment because they did not receive payments from Wyo/Summit.

The client is upset and does not want to be embarrassed at work by having the garnishment of her wages.
